West Sports Attract 120 Candidates

In line with a national move to expand the scholastic athletic program are West's spring sports in which more than 120 candidates for the baseball and track teams reported for practice.

Baseball

Sixty aspiring Cowboy baseball players worked out for the first time Monday afternoon under the direction of Coach George Williams. With such a large squad to cut, no practice games have been scheduled before the middle or latter part of next week.

In the practice games the Westerners showed plenty of quantity and occasional flashes of quality in hitting. Fielding was fair for the first week and the pitching shows promises of a classy staff of moundsmen for the Cowboys.

Herb Baltz, who has been hitting hard in practice, will pray brother Jack, who hardly ever hits but gets on often, for the center field position.

Track

More than 55 runners, jumpers and throwers have turned out for practice under Coach Dale Rose, West track master.

Candidates from whom something is expected during the season include: in the weight-throwing, Fausnaugh, Stewart and Strickland; in the distance and middle distance, Smith, Sheward, Wharton and Jones.

The sprints will be run by Crosby, Don and Dick Jenks, Ewing, Allen, Bob and Jack Bates. In the high jump will be Phillips and Chase; Dahlen, Case and Embleton make up the pole vault squad.

In the hurdles, runners are Bob and Jack Bates, McCurdy, Allen and Roese.

The trackmen have been practicing nearly two weeks and some promising candidates have been unearthed, according to Coach Rose.

If You Don't Want To Lose The War, Don't Do The Following Don'ts

EDITOR'S NOTE: The following is submitted by Gerald Gifford, 58 S. Huron-av. They are his ideas of what not to do if you don't want to lose the war.

Don't just stay at home and "Keep the Home Fires Burning."

Don't find just a little time to take some instructions in one or more of the numerous courses in Civilian Defense now available.

Don't depend on yourself to take care of your own family by becoming better qualified to give them proper care in case of enemy bomb and gas raids—as well as learning the better way to take care of your personal problems under the same conditions. Simply leave it up to the Air Wardens and other trained groups who will have many others in like circumstances to look after at the same time.

Don't complain about your complacencies and indifferences, but give everybody else hell because you weren't attended to first.

Don't believe any of the reported possibilities; tell them to your family as fairy tales.

Don't provide a couple of small bags of river sand or earth just in case an incendiary magnesium bomb might drop through your roof from a clear sky.

Don't cooperate when there is an official black-out; cause the Air Warden to knock on your door and tell you about it. When he does, by all means, cuss him out and tell the dumb cluck something like, "I'll run my house to suit myself!" Then be sure to give him more hell because he is one of the best fellows in your neighborhood, because he has always got his ——— nose in your affairs; your church, your lodge, your social club, and your civic affairs. Forget that this same bozo will be around to help when the going's tough.

Don't comfort your neighbors when word comes that a son or a dear friend has been reported missing in action.

Don't buy U. S. Defense Bonds and Defense Stamps; just spend your money for non-essentials and a good time.

Don't believe that there are such people as the Axis powers, just rid yourself and believe that you must have had a bad dream about a terrible monster that was about to destroy your American way of living, your opportunities, your privileges, your right to pursue happiness, your liberties, your home and your right to reproduce your own kind.

Don't let yourself think that there is anything for you to do in Civilian Defense, because you have worked 12 hours in a defense plant—and received time and a half for four hours of that!

Don't concede to any of your good judgment or common sense nor let yourself talk you into giving up some of your avocations.

Don't forget those Easter clothes, the big coming out party for the little lady, the new car, that swell vacation, and that money making side line business. And, by all means, bowl at least once a week and attend a good movie, keep up your post mortem classes, keep bygones present and let no water pass under the bridge.

Keep all of your intellect and intelligence and creative ability to yourself.

Don't let yourself think that you were born to give; the government will protect you!

P. S.—After you have read the above, take the soles off two of the oldest and rottenest pairs of shoes you can find, place this between them, chew each bite slightly and swallow without the aid of water, milk, coffee, tea or beer—this is an adjunct to aspirin and salts of barbarturic acid and will be good for indigestion and nervous disorders. Do not take a laxative three days later. If you become nauseated, do not vomit; keep it down. Do not use a hypodermic if pain becomes severe. Do not call a doctor . . . just remember you brought it on yourself, and remember that your America is YOUR ALL!

PLEASE

Again The Record is asking the cooperation of the Hilltop public.

We are anxious to continue giving our readers every possible service but all the while we are faced with increased costs of production during this war time. We are also faced with a mounting loss of revenue because so many business firms are unable to get merchandise for sale and therefore have reduced their advertising appropriations.

All this means we must cut every corner. One way of doing this is to eliminate having news items phoned to the office. We ask the cooperation of every club and organization secretary and urge them to deliver or mail their news items to the Record office so we may have them as early in the week as possible and not later than Wednesday noon.

PLEASE do not ask us to take your notices and reports over the phone.

You have received the Record free for 25 years. Under present conditions we cannot continue to give the same service on a free basis as we did in pre-war days.

Public Is Urged To Buy Coal Now

Hilltop coal dealers this week are urging the public to join in the national drive to have their coal bins filled now for next winter in order to assist in the national war emergency.

This past week an appeal was issued by Governor Bricker asking that the public buy their coal as soon after Apr. 1 as possible and to buy as much as possible. He even urged that extra storage space be built if necessary.

It has been pointed out that if domestic coal consumption requirements can be met now it will release that much more coal for industrial purposes as the industrial program continues to grow and will also release more transportation facilities.

Three Gongs And All Are Out At West High Air Raid Drill

By Jean Young

It didn't take the students of West High School a second to realize the meaning of three gongs with a 10 second interval between each sound. Immediately books were closed and there was scarcely a trace of conversation. They had heard the preparedness signal with which they were to become very familiar. Not the other day, not today even, but some day . . . they have been taught, it may mean the difference between life and death.

Shortly after the alert had been heard the signal of two strikes of the gong urged them to move, leaving all books at their seats. They marched out with military discipline and faces that showed these youths were fully aware of the seriousness of the drill.

When each class had reached its station it stood there, silently pondering over the thought of what this maneuver might mean—some day.

The militaristic files in which the students stood had a certain effect on the observer that is hard to describe. One row was too close to a glass door and was moved to a safer position by the teacher responsible for that particular section.

Each class stood in such a formation that it could quickly go into a fire drill from the air raid drill.

As the classes stood in their respective places teachers came around and inspected the formation to be sure there had been no errors or to correct it should there be one.

Soon the all clear (one sound of the gong) was heard and with the same order in which they had left, the students returned to their rooms.

It made one feel very proud to be in the group.

Order Your COAL Now

From These Hilltop Dealers

A proclamation was issued last week that the coal situation is rapidly becoming critical and demands immediate action if thousands of homes are to be spared heatless days next winter.

With increased demands of industry for coal, it will be impossible to supply a sufficient quantity for domestic and industrial requirements next winter, since railroad facilities are taxed to the limit, and they do not have the manpower to mine the coal. This being the case, Hilltop consumers should place their orders at once to meet the needs of the 1942-43 winter, declared the proclamation.

Coal Co. Offers Easy Pay Plan

Bauch Coal Co., 217 W. Main-st, Henry H. Bauch and Ray F. McVay, owners, is offering a time payment plan to those who wish to order their coal supply for next winter.

The coal companies now have to pay for coal dumped in their yards within 30 days or pay five percent interest. If they get too far behind in payments no more credit will be extended.

A cooperative payment plan has been devised whereby the domestic demands may be filled provided the consumer makes prompt payments.

Coal companies anticipate a year's business in 90 days because of consumers' orders. Due to this volume of business they cannot leave an account open more than 30 days unless the consumer uses the time payment plan.

Bauch Coal Co. yards are well stocked at present to insure immediate delivery to all custo-

Sergeant York At Olentangy

"Sergeant York," the picture which has received the wildest acclaim in years from the nation's film critics, will make its debut Friday at the Olentangy Theatre, 2523 N. High-st, for an extended run. With Gary Cooper in the title role as Alvin C. York, the Tennessee farmer who was America's greatest soldier hero of World War No. 1, the picture is a compelling human document.

This is the first time any Columbus neighborhood theatre has ever been honored with an extended run of one of the greatest films of all time," the management states.

Because of contract restrictions, admission prices that will prevail during the engagement of "Sergeant York" are 55c for adults and 15c for children under 12. Special Saturday matinee price of 40c will prevail with the box office opening Saturday at 12:30. Admission prices will change at 6 p. m. Saturday.

— Letters — To the Editor

Mr. C. C. Hartley, Editor,
Hilltop Record.

The Hilltop Union Lenten services have meant much to me and with bits of history of two denominations, may be of interest to others. My grandparents were members of a Baptist church, called Pine Run, when their preacher, Rev. Campbell brought forth a new doctrine on baptism, and captured the majority of his congregation.

Only six—of which grandparents were two — held out against him and his followers, forcing them to seek a new place to worship. How the six were persecuted by that majority was far from Christ-like so father told, but they called themselves Disciples, and built a church out on the main road, in the village of Unionport, and prospered. (The six called them Campbellites.)

Twelve years ago at Union meeting, I was pleased to see pastors of both denominations seated on the same platform, and I wondered how long it would be before I would hear a Campbellite sermon from a Baptist pulpit, or Baptist sermon from a Campbellite pulpit. Last Wednesday, at Hilltop Church of Christ, Rev. Ashburn of the Oakley Avenue Baptist, preached from the text, "Love Never Faileth." For what I had been waiting and watching, happened!

From that disputing, nearly a century ago, arose another force to work for the building of God's Kingdom, and both groups are working in harmony, few members knowing of what I am telling. God captures active men, though they start wrong, if they seek Right.

Elsie Ralston Westlake.

The following is a letter Mr. and Mrs. Dewey Stout, 90 N. Wayne-av, received recently from their son, Verl, who is stationed at the U. S. Naval Air Station, Marine Barracks, Miami, Fla.

Feb. 21, 1942.

Dear Mother and Dad:

It has rained off and on the last few days, but it sure was nice today. The sun was shining and a nice cool breeze. Say what does snow and ice look like. Ha! Ha!

I won't need my radio as there is one right next to me and we are not permitted to have cameras. But you can send my bathing suit. I could buy one but the one I have is new. We are only eight miles from Miami and I want to go to the beach as soon as I get liberty, which will be about a week.

You won't need to send me any boxes of cakes and candy as it costs so much to mail them and there is a store here where we can buy anything and we get things cheaper.

I am watching my money close so when I go in to Miami I can do some sight-seeing. So look out Miami, here comes "Dube."

The whole troop had inspection by the major this morning which took up most of the morning, then we had the afternoon off and tomorrow (which is Sunday) we can lie in our bunks as long as we want to (yea—). I guess I will study in my Marine handbook.

There are only 165 Marines here and we all stay in one barracks. Sure is swell here. In the center of our room is inlaid linoleum and around the edge is waxed floors. Sure are a lot of airplanes here. The mess hall is just like restaurants, and the food is swell. Really, you should see me eat and I have gained 20 pounds.

Here is what I had for dinner, fried chicken, mashed potatoes, gravy, peas, oyster dressing, ice cream and two pieces of apple pie and I wasn't even hungry. How would you like to cook for me now the way I eat? You should see me when I'm hungry.

They have a swimming pool here, as we are not right on the ocean, baseball diamonds, tennis courts, football field and they furnish us equipment.

Well, will close as it is 8:00 and I am going to take a shower, pressing trousers and shirt. That's one thing I have learned in the Marines. Tell all my friends to write.

Your loving son,
Verl.

Dear Editor:

I just received a letter from my brother, enlisted in the army at Columbus, Jan. 7, 1942. His jewelry has been sent home and he is being shipped out of the country soon.

He is heart-sick because he has received only one letter, except from the family, since he has been in the service.

Will you please print this letter? Maybe someone will write to him. He is a native of Athens, O., but has been in Columbus two years. He is 20 years old. His address is:

Private Donald A. Gabriel,
First Chemical Co.,
Barksdale Field,
Louisana.

Our reverent, sympathetic service renders honor to those whose tasks are done and helps those who yet have work to do.

THIS IS WAR
And You Can Help

If you burn coal, now is the time to place your order for immediate delivery, while the kind and type of coal you want is available. Prepare now for next winter.

In cooperation with our government's request to conserve tires, oil, gas and equipment, we are asking you to assist us as follows:

Place order at least two days or more in advance.
Please order a minimum of two or more tons.
Please do not set definite time for delivery.

Several of our men have entered defense industries and it is difficult to replace them. During rush periods, it is impossible to obtain drivers on a moment's notice. You can insure your supply and assist us in serving you by anticipating your fuel needs NOW.

Do not wait until the last shovelfull is in the furnace.

The railroads will be unable to move domestic coal this summer as in the past because shipments of war materials and equipment will be at its peak. The war comes first.

It is our patriotic duty to help, by doing our bit. Fill your coal bin. Keep the wheels of industry running and win the war.

THIS COULD HAPPEN TO YOU!

Here is one type of disaster that is striking on the America.. home front. In these days, when tires and wheels are worth their weight in gold, car owners must exercise the utmost caution to see that their cars will not meet a fate similar to that illustrated above. In most cases, it will be impossible to replace stolen tires. As a result, the victims not only lose the value of their investment in their cars, but they may have to get along without them for the duration of the war.

Already, there are indications that all the evils of the prohibition era of a few years ago are cropping up in various communities throughout the land. It is feared that bootlegging of tires will become more and more of a problem as time goes on and the tire situation becomes more acute. Already, there have been many cars stripped of tires and wheels, either by individuals or organized groups who prey upon complacent car owners.

Newark police officers, as well as the Licking county sheriff's office, are constantly on the alert in an attempt to hold such vandalism down to an absolute minimum. However, car owners are cautioned against leaving their cars stand out at night where garages are available, and are urged to protect their tires and wheels by using new type wheel locks which are available. Car owners will do well to follow these simple rules:

1. On parking the car, choose whenever possible, a well-lighted area.
2. Cars should not be left on the street in front of residence, but should be locked in garage, if such is available.
3. A record of the tire serial numbers should be made in order to help locate the tires if they should be stolen.
4. The application of a simple looking device will, in most cases, prohibit the theft of tires and wheels from parked cars.
5. Any tampering with cars should be reported to local police promptly regardless of whether or not anything was actually stolen.

Police records here show 12 tires have been stolen since Jan. 1.

"WRITE A POEM FOR ME"

Said a little girl, with a golden curl,
Please write a poem for me,
I have fine tresses but very few dresses,
My Uncle is poor you see.
My face is clean, I'm not hateful nor mean
But I am not as pretty as some
I was christened Sadie, and I am a lady
Even though I chew some gum.
My Mother is dead, this little girl said
And long ago my Father ran away,
Upon you I depend, you are a good friend
Coz you let me romp and play.
I wrote her a line, you have a soul divine,
Superior intelligence for seven,
Why sent down, to this wicked old town
Is a mystery only known in Heaven.

The Hilltop Record

In Its 25th Continuous Year Of Community Service

Vol. XXV, No. 60 | The Hilltop, Friday, April 3, 1942 | Total No. 1204

THE FIRST EASTER

Palm branches, applause;
Gethsemane, the cross,
Suffering, dying,
To save the lost.

Friends lay Him away
In the silent tomb;
Sadly they go home
In the dark and gloom.

The Marys came
At break of day—
Lovingly came
To anoint and pray.

But He is not here,
He has been taken away.
Where have you lain Him?
Tell us, pray.

An angel answered
"He arose today.
Go tell His disciples
He will be with you alway."

Florence Curtiss

Stones From Broad Street Bridge Used To Build Unique Home

"We live in the Broad Street bridge," laughed Mrs. Arthur E. Wollerman, when she was called this week for an interview concerning their unusual home in which they have lived for only two months.

Shortly after they were married the Wollermans started forming plans for a house they hoped to build some day. They weren't quite sure what they wanted for the exterior but that problem was solved one morning when Mr. Wollerman went to work and saw the granite cobblestones which had been torn from between the car tracks in the Broad Street bridge. Upon reaching his office he called his wife and asked her why these stones wouldn't do for the exterior of their future home. She gave her approval. Before nightfall the Broad Street bridge (5000 blocks of granite cobblestone) was dumped on the two lots which belonged to the Wollermans overlooking Westgate Park.

That problem was solved.

The house at 387 Demorest-rd is unique in more ways than one. Outstanding is the fact that the fireplace is built from stones which have been collected from 20 states in the union and three provinces in Canada. Some of the stones came from the highest point of the Allegheny Mountains and some from the deepest iron mine in the world, at Hibbing, Minn. The first stones for their "dream" fireplace were picked up when Mr. and Mrs. Wollerman were honeymooning in Florida. Stones were collected for shape and color. It took 13 years to complete the collection.

Other material for the house was picked up on fishing and hunting trips which the couple took frequently.

Mr. and Mrs. Wollerman spent one year planning and drawing sketches for their house. Everything in it is original with them.

In furnishing the house they didn't follow a particular period. They proved that the old and the new can be combined.

Another unusual feature of the house is the spider web window in the front door which has a spider and a fly in it.

Mr. and Mrs. Wollerman have one son, Freddie, who is 10 years old.

Hilltop Sailor Swims Under Water To Escape Pearl Harbor Inferno

Arthur Sands, former West High student, escaped death when a hail of Jap schrapnel was falling in torrents around him last December at Pearl Harbor.

All sailors who were free from a boat at that time took U. S. motor launches out to pick up men who had been blown or had jumped from attacked ships. Sands was operating one of these launches when his motor failed and he jumped into the water which was aflame with burning oil. Scarcely a second after he had jumped his boat exploded.

Arthur Sands

Sands swam nearly 300 yards under water to escape flames on top. When he was near exhaustion he was picked up by another motor launch and taken to safety.

He is now stationed at San Diego, Calif., pending removal to San Pedro, where he will be stationed permanently inspecting diesel engines.

Sands, the son of Mrs. Louise Sands, 3015 Fairmont-av, has been in the navy nine years and had just arrived at Pearl Harbor three weeks before the Jap assault.

Find Courage... Peace... Hope... in Church

THIS EASTER, more than ever before, we need the simpler qualities of life that lie in the relaxation of tense war nerves and the renewal of faith. The strain of living in a war-torn world has taken its toll of man's confidence. Yet in the peace of an Easter morning service in church, faith that the issues in which God and truth have a stake will be victorious, returns to men everywhere. So go to church on Easter Sunday and every Sunday .... to the church of your choice .... and find there the comfort and renewed confidence that America needs now for speedy success in her supreme effort on the side of right and justice.

'THE FARMER'S SIGN BOARD'

I fixed this road with many a load
The dollars spent were many
Come out and stay for a day of play
I'll charge you not one penny.
But if clouds appear in the atmosphere
While fishing in the river
Crank that flivver with the billious liver
And make the old thing shiver.

If you linger there, water everywhere
With tractors and a lot of fussin'
With chains stout, I'll haul you out
But you will hear some cussin'.
And never again come around my domain,
A warning fair beware
Correspond with the City dog pond
And do your fishing there.

HAPPINESS

While in our thoughts of the future we pine,
Our happiness is a state of mind.
In our anxious moments as we ponder
What the future holds, we often wonder.
Through the mist of the world of strife
We seek to understand—what is life?
With so much chaos and uncertainty,
From the dawn of creation to eternity;
Yet we are thrilled in the adventure of living
And find it sweet, receiving and giving.
In our reminiscence of the past
Those pleasant memories we hold fast.
In our summation, when all is said and done,
We find there is still a lot of fun;
For life is mostly what we make it;
We Americans can always take it
And we remember the sun is always shining
And behind each cloud is a silver lining.
When despondent, if we are so inclined,
If we but search our thoughts, we'll find
That when we are true, and ever kind,
Our happiness is a state of the mind.

ATTY. C. EUGENE SMITH.
Columbus.

TRANSFORMATION

I watched you come,
But never dared.
Hearts like mine
Are seldom snared.

But when you left,
Your gracious giving
Was reflected
In my living.

Bridge Dedication Inspires Poem

Mrs. Mary Wagner Brown, 2293 W. Broad-st, was watching the dedication of the new Main Street bridge several years ago when thoughts of the bridge which it was replacing, the old Rich-st bridge, came to her mind.

She recalled how many people had committed suicide there and how the bridge was condemned in its construction and yet it withstood all other bridges during the raging waters of the 1913 flood. The memories of the many people who hurried across the bridge for fear it might collapse before they reached the other side came back to her. Then with the opening of the Main-st bridge the old Rich-st structure was closed.

All this inspired Mrs. Brown to write the following poem:

THE PASSING OF THE OLD RICH STREET BRIDGE

I was just an iron structure
Built many years ago.
I was made to serve the public
Going to and fro.

From the East side and the West side
There came the great and small.
For all kinds of travel
I was a bridge to them all.

Some folks grew tired and weary,
And burdened with distress
Leaped over my protective railings
Into the waters seeking rest.

So the years passed by unheeding
As each one went their way,
And there came a time of needing
When the waters held full sway.

I withstood the rushing waters
(Tho I wasn't considered good.)
While other bridges weakened
And washed away with the flood.

The waters flooded the West side
And caused the folks much trouble,
They tried to get to the East side,
That made my duty double.

But now my work is over
I'm being wrecked by man.
And the work that I've been doing
Will continue across a new span.

But I am not the first one
And I won't be the last,
To be replaced by a modern structure
And become a thing of the past.

CITADEL.

The door to my yesterday is locked;
The key is thrown away—
I've a barricade against the past,
And there's a new door for today.
But oh, as often do I find
The barricade too thin—
And through long, dreary, quiet nights
I hear you trying to come in.
MARTHLYN E. GREY,
In QUICKENING SEED.

STRANGE

We say bitter things
And feel them true;
Comes another dawn,
Then joy blossoms new
Even from the place
Where bitterness grew.
GRACE LONG,
In SINGING QUILL.

TOMORROW

Each seed that you sow today,
Sow with care or haste,
Shall be tomorrow's harvest
For profit or waste.
Look well to your planting then;
Make sure the soil is right;
Keep an ever watchful eye
Against disease and blight.
Yours the choice of joy or sorrow—
When harvesting . . . tomorrow.

The Hilltop Record

In Its 25th Continuous Year Of Community Service

Vol. XXV, No. 61 | The Hilltop, Friday, April 10, 1942 | Total No. 1265

Buys War Bonds With Pennies

Young Jerry Calton, age two, is purchasing his third war savings bond. This one, like his other two, is being bought with pennies he has saved. Jerry bought his first bond before Christmas and the second bond was bought in January.

The bond which Jerry is buying from H. G. Deems at the First Federal Savings and Loan will not be the last because he already has money saved toward his fourth bond.

Jerry is the son of Mr. and Mrs. James Calton, 576 S. Hague-av.

Coming Events Cast Their Shadows Before

City Council will place a 2.5 mill levy before the voters on June 9.

As we view the situation from this corner it is nearly a foregone conclusion that the levy will fail. And that is not wishful thinking on our part. It is merely a fact that the issue faces before it even comes up.

Columbus no doubt needs more operating funds but we doubt sincerely if the voters will sit still and say "yes" while one faction of council places the blame at the feet of the Republican governor, and the other faction places the blame on the Democratic county auditor.

Then too, people are demanding radical housecleanings and elimination of waste in public office. When they are convinced this has been done in local government they will allow that local unit more funds for operating expenses where necessary.

West To Open Ball Season

By Harold Mers

West's defending co-championship baseball squad will open its 1942 league campaign at East's Harley Field Tuesday afternoon. Starting positions for the game are not certain as yet.

The Buckaroos are scheduled to meet Hamilton Township's nine on the West diamond this afternoon at 4 o'clock. A doubleheader will be played tomorrow with Washington C. H. furnishing the competition on the local field, if arrangements can be completed, Coach Williams stated. The first game is scheduled to begin at 1:30.

Westerners Win Openers

In their first pre-season game, the Westerners defeated the Mifflin Cowpunchers by the score of 14 to 1. The Bucks blanked a weak Grandview nine Tuesday in a four inning game, 13 to 0.

Although the scores were very one-sided, the Bucks' hitting is not up to city loop power and seems to be the weakest point in the '42 squad. Many of the runs in their first two games were scored on errors.

The West team seems to have one of the best balanced defensive outfits seen on the Hilltop diamond for some years.

On The Track

The first combination junior and senior track meet with South and South Jr. High will be held on the West athletic field this afternoon at 4 o'clock, Coach Rose stating there would be as much activity at Magly field "as in a ten-ring circus."

The West Senior runners will oppose North at Magly field Tuesday, while the little Westerners will play host to the Everett tracksters on Wednesday afternoon.

Hamp Cruise Looking Forward To Ball Game At Midnight In Alaska

EDITOR'S NOTE: Following is a letter received this week from Hampton Cruise, son of Mr. and Mrs. F. G. Cruise, 2432 Westwood-dr. He recently returned from Midway Island after the attack of the island by the Japanese and is now stationed at Fairbanks, Alaska, with Pan-American Airways.

The bride and I left Seattle Feb. 17 aboard Canadian Pacific boat and arrived in Juneau Feb. 20 where we stayed for 17 days awaiting plane transportation on to Fairbanks. We arrived in Fairbanks Mar. 9. We procured ourselves an apartment downtown and like it real well. The trip was one of great interest and in many ways quite breath-taking in all its beauty.

The little town of Fairbanks, the heart of Alaska, and the golden heart as it is more or less known up here, is quite a modern and up-to-date metropolis. It is really surprising how air travel, transportation and the will to live will bring out in a group of people the desire and ability to create and build the things they dream of. The food up here is most acceptable. The housing and modern appliances are all that any person could ask for.

All in all I was quite surprised at the towns in Alaska and the degree of modern living so prevalent up here. It is quite cold up here in the mornings, but warms up as the day goes along and the sun seems to shine constantly. The days are getting noticeably longer, and it won't be long now until it will be light around the clock.

They play a baseball game every year here in Fairbanks at midnight on the 21st of June. I imagine that will be something to see.

As you have probably been reading about the proposed highway from the States to Fairbanks, it may be of interest to know that it will not only be an engineering feat, but also a tie that will bind the States closer to their northern brothers, and after all this is a great country up here, and it is a shame that so many people know so little about Alaska. I, for one, had not the slightest idea of the beauty, the wealth and the opportunity that Alaska holds forth to the young and old alike.

It seems like the more places I go the more places I want to go for the many miles I have traveled in the last year have been more of an education to me than a lot of hours spent in pondering over books. If I stay with this outfit, hard to tell where I will write to you from next.

Order Your COAL Now
From These Hilltop Dealers
A proclamation was issued last week that the coal situation is rapidly becoming critical and demands immediate action if thousands of homes are to be spared heatless days next winter.
With increased demands of industry for coal, it will be impossible to supply a sufficient quantity for domestic and industrial requirements next winter, since railroad facilities are taxed to the limit, and they do not have the manpower to mine the coal. This being the case, Hilltop consumers should place their orders at once to meet the needs of the 1942-43 winter, declared the proclamation.

Speaker

Latest developments in the campaign to obtain speedy passage at Washington of H. R. 1036, which would make the Townsend Plan a law, will be explained to Townsendites in Columbus Apr. 10 at 8 p. m. at Townsend Hall, 46 W. Fifth-av, with Paul Chase as principal speaker.

The meeting will be one of 250 similar gatherings in the Midwest directed from Townsend national headquarters in Chicago as part of Dr. Francis E. Townsend's national expansion campaign to establish his plan of pensions for all persons over 60 years of age.

This effort is being redoubled in view of the coming congressional elections. Success of candidates in many districts, it is claimed, will hinge on their attitude toward federal old-age pensions, and in view of President Roosevelt's recent statement that he would sign any pension bill passed by Congress, Townsendites are demanding immediate passage of their plan.

Townsendites and sympathizers in the ranks of small business and labor number several million, and all will be urged to vote only for candidates pledged to support old-age pensions.

CUB CHATTER

Last Saturday Dens 3 and 4 of Cub Pack 22 took a hike to Big Run. As soon as packs were thrown on the ground Den Chief Art Sherlock sent Cubs Bill Allen, Jack Winterstaffer, Jim Rudy and Jack Rudy out to lay a trail. Then Kenny Lee led a wood gathering detail. Pete Zarzano, Bill Bright and Gerry Smith brought in the most wood. New Cubs Francis Currier, David Knierim and Jay Carter were then initiated in the Cub art of roasting wieners over an open fire. On the way home Cub Master J. H. Smith had a contest to see who could walk one-half mile without talking. Winners were Richie DeRubertis, Roger Michaelis, Fred Lyle, Dunnie Smith and Raymond Mostic.

Church Receives Sound System

Hilltop Lutheran Church announces the receipt of a gift from Mr. and Mrs. A. C. Keidel and family of a complete Airline Church Sound System, used for the first time in the various services of Easter Day.

The gift includes a set of chimes, the music of which will emanate from the church tower, and a public address system for the inside of the auditorium. The tower chimes will be played for a short interval between 10:15 and 10:30 each Sunday morning. This will be between the church school and main worship service each week. Appropriate hymns for the various seasons will be played. It is the desire of the donors and of the council that these chimes shall be a blessing to the neighborhood and a constant reminder of spiritual things.

The public address system will be used for such occasions as the children's programs in the church school so that the smallest children may be heard in the back of the church. It will have various other uses, such as, for example at the open air church school picnics. The set includes a microphone complete with stand and two indoor baffles.

SUNSHINE AND RAIN

Few people think of the water they drink,
Except to quench their thirst
Or take a bath, yawning before the dawning,
Self preservation comes first.
The lack of rain causing sorrow and pain—
Meadows parched brown by heat,
Vegetation all dying, heat magnifying,
To the farmer absolute defeat.
Every day alike, like a Mississippi dike,
Weak cattle lowing in distress.
Farmers never strike, try to plow that pike,
Their feelings no pen can express.
We get information from the experiment station,
But little our brain will attain.
We're a helpless nation, if the God of creation
Withholds His sunshine and rain.

The Hilltop Record

In Its 25th Continuous Year Of Community Service

Vol. XXV, No. 62 | The Hilltop, Friday, April 17, 1942 | Total No. 1206

On Band Variety Program

Ethelmae Thompson, popular Columbus singer, will be one of the featured acts on the stage show part of the West High Band Variety night, Apr. 24.

Boys Down At Camp Claiborne Want Equipment For Baseball Team

The boys down at Camp Claiborne, La., want baseball equipment. A special appeal to Hilltoppers to assist in the program has been made this week through the Record by Pvt. John H. Palmer.

His letter is self explanatory as follows:

Dear Friends:

I, Private John W. Palmer, was a local Hilltop resident for most of my life and am well known throughout the community; my wife is the former Marguerite Mohn.

I am writing and asking the Hilltop community, with the aid and support of the Hilltop Record, to gather up any extra baseball equipment and send it to me at the address below. If you will contact Coach George Williams of West High School, I am sure he will be glad to help.

We are members of the 82nd Division which I am sure most everyone remembers from World War I. This division was reactivated a few days ago and is the famed Sgt. York's old division.

After the requested equipment has been gathered, you can send it or have it sent to me, which ever is most convenient.

I and every member of this organization will sincerely appreciate any donation.

Private John W. Palmer,
Company "E", 325th Infantry,
Camp Claiborne, La.

Anyone wishing to assist in the program may do so by delivering their equipment to the Record office sometime before next Wednesday noon, or may send it direct to the above address.

Rev. Ashburn Has Served Local Church Continuously For 25 Years

Rev. Jacob Ashburn

Rev. Jacob J. Ashburn, pastor of Oakley Avenue Baptist Church, has a record of visiting 426 homes in one day!

He has made it a habit to visit every colored home in the Hilltop community on New Year's day.

"I spend just about one-half minute in each home," he explained.

From the Virginia Seminary, where he was teaching the Baptist religion, Rev. Ashburn came to the Oakley Avenue Baptist Church on Mar. 25, 1917. At that time there were only 40 members in this thriving little congregation. The membership has hiked to 400 since then. A regular Sunday school attendance at that time would have been 20. Now the average is 140.

Born in Bowers Hill, Va., Rev. Ashburn was educated at Hillsdale College in Michigan, and at the Virginia Seminary.

Looking back over his records the jovial minister finds that he has preached at 327 funerals, baptized 394 and has married 151 couples in his 25 years at the Oakley Avenue Church.

Rev. Ashburn has been, at different times, been president and vice-president of the Hilltop Ministerial Association.

Since he has been here, calls have been extended to Rev. Ashburn to come to other communities and preach for larger salaries.

"I am too well satisfied right here to take those offers, I guess," he smiled.

Rev. Ashburn is moderator for the Eastern Union Baptist Association and treasurer for the Ohio Baptist General Association.

Rev. Ashburn and Virginia Becks were married in September, 1917, and they have three children, two boys, Julian, age 17, Reginald, 19, and a daughter, Evelyn, 21. The Ashburns live at 178 S. Oakley-av.

West Meets South High Here Today

By Harold Mers

The West Buckaroos will play their second city league game this afternoon at Magly Field at 4 o'clock with the South High Bulldogs furnishing the opposition.

Many predict that the championship hopes are tied up by West and South and this game might decide the way things will go at the end of the season. Dick Hoover, ace left-hander, will start on the mound for West. In last year's opener with South, he blanked the Bulldogs 3 to 0.

Bob Swisher, three year veteran of the West diamond, pitched a no-hit game Tuesday when the Bucks overwhelmed the Bengals 10 to 1. East committed seven errors in the game to one miscue for West.

Track

Coach Rose's track teams have been busy during the past week, winning three out of four meets.

West Senior nosed out South last Friday 71⅓ to 70⅔ but lost to North 89 to 34. Crosby won the 220 and 440 and tied for first in the 100, Bob Bates placed in all four of his events, and Sheward ran first in the mile and second in the half-mile.

West Junior trounced South Junior 62 to 11 and defeated Everett 48½ to 38½.

"A DOLE THEIR SOUL WON'T SAVE"
How much will we pay our soldiers
When they return from the fray?
Possessing no wealth, broken in health—
How much I say will we pay?
Those able should have good employment,
A dole their soul won't save.
How much will we give, helping all to live
Our soldiers and sailors brave.

There's nothing too good for a soldier,
Some may return in good health,
But they fought 'til the end, helping defend
Our liberty, homes and great wealth.
Their records enthrall, I salute them all,
The healthy, wounded and dead
Speeches of state, inadequately commemorate
Those who suffered and bled.

In Its 25th Continuous Year Of Community Service

Vol. XXVI, No. 1 | The Hilltop, Friday, April 24, 1942 | Total No. 1207

Band Variety Show At West Hi Tonight

Plenty of laughs and "foot-moving swing," lots of good music and dancing are promised on the West High Band Variety Night program to be presented tonight in the West High auditorium.

According to reported ticket sales a full house is expected. The program includes a brief concert by the West High Band, a one-act play, "Idlings of the King," a fast-moving stage-show in "Modern Design," the initial public performance of the West Junior Band, and solos and ensembles selected from the state contest entries.

The stage-show includes appearances by the following: the West High dance band; the Argentine Taps, a clever team of five girls including Mary Margaret Harold; Tom Calhoon on the French harp; Columbus' finest little accordionist, Frank Ongaro; a comedy skit, "Gladys at Her First Football Game," by Janet Cummings; some fast tap dancing by Billy Masters; a novelty rope tap by Mary Leech; West High's own "torch" singer, Ethelmae Thompson; those sisters of real harmony, Bernice, Ileen, Kathleen and Larna Condon; the boys' ensemble; the girls' ensemble.

The ensembles received high ratings in the recent district vocal contests and are appearing today in the state contest at Ohio State University. A 50-voice chorus will back up the various numbers in addition to doing some clever numbers of their own.

Herb Stewart will serve as master of ceremonies. Vocal and instrumental effects are in charge of Herbert Hutchinson and Chas. W. Bennett respectively. The latter will also direct the concert band. Mrs. Leach is director of the one-act play.

The concert band program is as follows:

The National Anthem.

Builders of Youth (Overture)—Charles O'Neill.

Booster (March)—J. G. Klein.

Snow White (Overture) — Erik Leidzen.

Raymond (Overture)—Ambroise Thomas.

Hail America (March) — J. J. Richards.

Soloists will include Robert Gulcher and Richard Houk. The brass quartet which will appear includes Don Bowser, Bob Campbell, Carter Ashleman and Jim Recob.

The program will start at 8 p. m.

Volume 26: Today's issue of The Record marks the turn of another year for Columbus' oldest community newspaper as the paper starts its 26th year of continuous publication.

In all these years the Record has grown with the community. When it was founded by S. J. Westlake it was a small four page sheet with three columns of news and was printed on a job press. At that time some 2500 copies were printed.

Today in modern format the Record goes into 10,000 Hilltop homes weekly and is printed in its own shop with modern newspaper equipment.

Today, as back in the days when the paper was started, we are in a war and must of necessity conform to circumstances. Our only pledge at this time can be that we will continue to publish the best possible community newspaper that the revenues from our advertisers will provide.

In the meantime if conditions continue to grow more and more difficult to cope with and if we are to maintain the same type of newsy paper and be of the most service to the community as well as make it possible to go into every home, we may have to place the paper on a paid circulation basis.

We will appreciate having any suggestions from our readers. The Record has been costing you nothing. Would you now be willing to pay a small price in order to maintain its services?

Bits and Bits: The Columbus Philharmonic Orchestra will turn professional next year and members will be paid for their services . . . Max McCarty was inducted into military service Saturday and now we feel the Japs just don't have a chance . . . Our congratulations to Carl Sherburn for that early ad copy this week . . . Mrs. L. S. Embleton wins another prize this week, and should rightfully be elected head of all contestants . . . Carl Dale's yard up on Steele-av is attracting much attention these days and rightfully so . . . And special mention to the Altizers out that way for their busy evenings in their yard.

• • •

Here and There: One of those little mysteries of nature evolved out at the Walter Davis home this spring when the beets he had planted turned out to be spinach . . . Mr. and Mrs. Charles Riggs were among those tripping the light fantastic at the West Alumni dance this past week-end . . . Speaking of dances, the Hilltop Business Men's party at Valley Dale has been called off and they will have a private party, details to be announced later.

Beautiful Ohio: Comes a note from one of the boys down in Camp Claiborne, La. Seems one evening recently the lights went out while the boys were attending a prize fight and the lieutenant asked the gang to sing rather than leave the hall, whereupon, above all other voices one of the boys, a Hilltopper, started off with "Beautiful Ohio." Our correspondent writes that it is apparent that the boys haven't forgotten Ohio and the Hilltop, and we reply that we haven't forgotten these boys either.

Weathermans Invite Friends To Visit Their New Home In Lancaster Hills

Mr. and Mrs. George B. Weatherman have been entertaining their friends in their new home, three miles below the Boys' Industrial School near Lancaster.

The Weathermans have been residents of the Hilltop for more than 21 years, Mr. Weatherman having been stationed at No. 17 engine house at Wheatland and Broad-st. He retired from the fire department because of physical disability after having served 31 years in the department.

Mrs. Weatherman, who has been active for years as an organizer of women's organizations, served as president four elective terms of the Humboldt Smilers (Masonic affiliation), president of the National Women's Party, president of the Women's Republican Club of Ohio, served during presidential campaigns as state chairman for women of industry for the Republican party, organized and is now serving her fourth term as president of the City Firemen's Wives Auxiliary, and acted as Republican Committeewoman for the Eleventh Ward.

She was also a professional organist, having played at downtown theatres for 17 years. She acted as musical director and coach for many pageants and theatrical productions and was extension director for the Columbus Civic Theatre.

She is also a member of the Athena Court order of the Amaranth, Camp Chase Post American Legion Auxiliary, Robert Morris Chapter, Order of the Eastern Star, and just recently became a member of the Fairfield County Newcomers Club of the Farm Bureau.

Mrs. Emilie Bartha Schaible, mother of Mrs. Weatherman, is also making her home with the Weathermans.

"The Log House In the Hills" is the name they have adopted for their new home as it is a large log house which has been remodeled. In fact the walls in the huge living and dining rooms, master bedroom and guest room have walls of oak logs. Their acreage includes eight acres of woods, more than 400 fruit trees, all kinds of berries, and is, of course, in the hills. The house is situated at the foot of a large hill which has been landscaped toward the house with rock garden ledges. The grounds include rustic ledges, rose pergolas and rock pavilions, beautiful flowers of all kinds being included in the landscaping. There is a two room cabin on the premises which they are furnishing for a guest house.

Guests are welcome, and they can be reached by going to the Boys' Industrial School, then after passing chapel, turn to right; at first street at next fork in road turn right, continue for one mile to the big brown stone and white gateway. They have a huge flag pole from which the flag which was presented to Mrs. Schaible by the government as a Gold Star Mother unfurls daily.

Mrs. Schaible is the adopted Gold Star mother of Westway Auxiliary Veterans of Foreign Wars, and is also a member of Camp Chase American Legion Auxiliary.

NOTICE

Effective with the issue of May 8 the Record will of necessity reduce the number of photos being used.

This policy is being made necessary because of the high cost of engravings and the shortage of metals required for the work.

In the past several weeks we have had to make necessary reductions in our production costs in keeping with advancing costs of our materials and loss of revenue due to shortage of merchandise in retail stores.

We ask the continued cooperation of the public for the duration of the war.

Buckaroos Seek Win Over Aquinas

The bouncing Buckaroos of West High will seek their sixth straight win this afternoon when they oppose the Aquinas Terriers on the Magly field diamond at 4 o'clock.

West and Aquinas are the defending co-champions of the city league and neither has lost any loop games.

Williams' Westerners have looked good in the final scores, but their hitting is not yet at championship par.

Last Friday's encounter with South put another scalp on the Bucks' belt as Dick Hoover, backed up by a tight-playing infield, out-pitched the Bulldogs' MacDonald. Only extra-base hit of the day was a triple by Carter, West third baseman. West won 8 to 2.

The Central Pirates proved futile against the Bucks, who won 5 to 1. The last part of the game was mostly played to shut out the Riversiders. Bob Swisher had his shut-out on ice until the sixth when a throw from first to third went wild and allowed the home team their lone tally.

In five games, the Westerners have scored 48 runs to their opponents' 5.

The following local students have made a point hour ratio of 3.5 or better:

$2261 Is Taken In Holdup

At press time today no further information was available as to the whereabouts of the men who held up the First Federal Savings & Loan Assn., 2360 W. Broad-st. Tuesday morning.

The two armed bandits walked into the local firm's office a few minutes before 10 a. m. and picked up $2261 in cash while the employees were herded into a rear room. They escaped in a black Chevrolet sedan bearing Indiana license plates. The third member of the party had been waiting in the parked car nearby.

Herbert G. Deems, secretary of the First Federal, and Mrs. Margaret Fox and Miss Margaret Crubaugh, employees, were in the building at the time and no customers were around.

One of the men walked up to Deems and demanded, "Where's the money?", flourishing a gun.

The three were told to go into a rear wash room and wait 15 minutes. They remained in the room a few minutes until a customer came in.

The loss was fully covered by insurance with Shank & Saunders, 2459 W. Broad-st.

Reports have it that a car similar to that described by witnesses had been parked in various places in the vicinity of the local firm within the past week, apparently making a careful study of the situation. It is also reported that a car bearing Indiana plates had been parked nearly all day Sunday in rear of Belvidere-av

Investigation revealed that the license tags had been stolen from a Richmond, Ind., car on Apr. 1.

The event of Tuesday morning was not a new experience for Mr. Deems and Mrs. Fox. The First Federal Savings & Loan Assn. was held up on Feb. 2, 1938 by three men and two days later the Hilltop Bank was also held up, resulting in a gun battle with police on N. Guilford-av. Detective Robert Cline and one of the bandits were killed. Two of the bandits died later of gun wounds and the fourth was electrocuted at Ohio Penitentiary. These were not the men who held up the First Federal, however, and none of them was ever caught.

WPA Form No. R-18st

I hereby make application to the Office of Price Administration, as agency of the United States Government, for the issuance to the person whose name, address, and description are set forth above, of War Ration Book One and all War Ration Books thereafter issued for which the person named above becomes eligible under Rationing Regulations. I hereby certify that I have authority to make this application on behalf of the person named above, that no other application for a War Ration Book has been made by or on behalf of such person, and that the statements made above are true to the best of my knowledge and belief.

Section 35 (A) of the United States Criminal Code makes it a criminal offense, *punishable by a maximum of ten years' imprisonment, $10,000 fine, or both*, to make a false statement or representation to any Department or Agency of the United States as to any matter within the jurisdiction of any Department or Agency of the United States.

SIGNATURE OF APPLICANT

I hereby certify that I have witnessed the Applicant's signature and that War Ration Book One, bearing the above number, has been delivered to the Applicant with the above-stated number of stamps removed.

SIGNATURE OF REGISTRAR

(This space reserved for later entries by Local Board or Applicant)

The undersigned hereby certifies to the Office of Price Administration that he received the following War Ration Books on the dates indicated below or on the book hereof, and that with each receipt he reaffirms the truth of the statements in the foregoing application.

Date | Book No. | Serial No. | Signature of Applicant

Applicants for sugar rationing books are urged by the Office of Price Administration to study carefully the application card, and have the correct answers when they register on May 4, 5, 6 and 7. A separate application must be made for every person for whom a ration book is issued, but only one member of each family unit is to appear at the nearest elementary school to apply for all members of the family.

This is the biggest registration job ever undertaken in so limited a time in the United States. Within four days the nation, 130,000,000 men, women and children, will be registered and will receive their ration books. To accomplish so big a job in that short space of time, the Office of Price Administration, which administers rationing is urging every applicant for a ration book to come prepared with accurate information to all questions which the registrars will ask when filling out the application form.

If you answer these questions promptly, OPA estimates it will take only four minutes to fill out this form. One and a quarter million school teachers will serve as registrars.

1. Applicants should come prepared with a list of the members of their families, giving the exact name of each.

2. An exact description of each member of the family unit, giving the height, weight, color of eyes, color of hair, age and sex of each one.

3. The person who registers for the family unit must state his or her exact relationship to each member of it.

4. It is necessary to know to the pound just how much sugar is in the possession of the household. The amount of sugar will be divided by the number of people in the family units and stamps will be torn out by the registrar for all sugar in excess of two pounds per person. If more than four stamps have to be removed, issuance of the book will be withheld until later.

One—and only one—member of each family unit is to go to the elementary school nearest to the person's residence to register and to apply for ration books for the whole family, OPA emphasizes. Single people not members of a family unit, even if they board with the family, must apply for themselves.

A family unit has been defined by the Office of Price Administration as "a group of two or more individuals consisting of all persons who are living together in the same household who are related by blood or marriage."

Band Parents In Tenth Year

April, 1942, marks the tenth anniversary of the sponsors of the Third Annual Variety Show of the Band Parents Club, organized originally in 1932 to buy uniforms for the band.

Although its purpose and activities have broadened, it still continues to be the only club of its type in Columbus.

During the past decade two Variety shows, numerous card and skating parties, a doughnut sale and a rummage sale, all sponsored by the club, have bought $500 worth of uniforms and have furnished $1000 for instruments, music, repair of instruments and entertaining the band at Christmas and at their annual summer picnic.

Two saxophones, one French horn, one set of tympani drums, one bassoon, one bell lyre, one flute, one baritone, and one oboe are a few of the instruments purchased by the parents for the band since the organization started.

Music for the various contests is purchased by the club, and they also furnish transportation to and from these contests.

TO SING IN OPERETTA

Ralph Kagay, 299 N. Ogden-av, will sing the role of Stefan, captain of the guards, in the Grand Opera Club of Columbus' production of "The Countess of Maritza." The operetta will be presented at East High School on May 5.

Camp Chase Post No. 98

5184 WEST BROAD ST.
REGULAR MEETING NIGHTS
EVERY FIRST AND THIRD FRIDAY OF EACH MONTH

Commander Chet Wagner of Camp Chase Post announced today that plans are being completed for the post's annual birthday party. The committee in charge will make its announcement in a few days.

Vice-commander E. A. Young, membership chairman, has completed plans for a clean up drive which will end May 15. Efforts of the committee will be directed to enrolling these veterans who are not affiliated with any veteran organization at the present time.

With baseball season drawing near, a renewed interest is being shown by the Junior baseballers of the Hilltop. Camp Chase team made up of West High boys won the city and district championship last season and much is expected of them this year. Vice-commander Herb Davis managed the champs.

In a nation-wide radio hookup this week National Commander Lynn Stambaugh in a talk on "Truth In War" urged all true Americans to kill these vicious rumors which are being circulated by Axis sympathizers.

Father's Night In P.-T. A. Meeting

The next monthly meeting of West Parent-Teachers Association will be held on May 7 at 7:30 p. m.

This has been announced as "Father's Night" and the program is in charge of Mr. Noble Allen. Further announcements will be made later.

During the program the P.-T. A. will also hold the installation of officers for the following year.

TO YOU

I thank "whatever gods may be" for you—
That I have known you for a little while
Between the ages. I have shed the [illegible]
And sombre garments of my fears, and felt
Within my weakening clasp, the lighted lamp
No strange, unuttered forces could devise
To startle or to darken . . . Not the touch
Of Sorrow's breath on eyes, or sequent pain
Could long endure, since you have come at last.
Nostalgia which fed on bitter root
And gives a faint life unto a broken tree
Pays to a vanished beauty, wistful suit,
Half-hungering, half-brittle ecstasy.

I thank "whatever gods may be" that you
Have come at last, my dear, at last . . . at last.

Leah Joyce, Columbus.

33 Seniors Recognized In National Honor Assembly

On Tuesday, April 21, in an assembly conducted by Lewis Halsey, newly elected president, 33 boys and girls were inducted into the Magly Chapter of the National Honor Society, and 45 into the "L" Society, Junior Honor Group at West High School.

Lewis Halsey

The basis for honorary membership to the National Honor Society includes scholarship standing, service to the school, personal character, and leadership; while that of the "L" Society depends upon scholarship alone.

Dr. H. H. Reighley conducted the induction ceremony. Lewis Halsey introduced the four students, Evelyn Cardwell, Marilyn Myers, Bob Swisher, and Dave Brown, who gave the creed of the society, scholarship, service, leadership and character. Other participants were Betty Frye, Bob Calhoon, Juanita Hinkle, Dick Bull, and Margaret Walters.

The speaker was Mr. Chester Hutchison, Junior Dean of the College of Agriculture, at Ohio State University.

Two musical numbers were presented. An ensemble comprised of Dave Brown, Alvinza Bunner, Gordon Taylor, Ed Yarnell, Marilyn Myers, Marie Tilley, Barbara Walcott, and Margaret Walters, sang "The Fair Land of Freedom." Dave Brown sang a solo, "Invictus."

The program was opened by the school singing The Star Spangled Banner, and was closed by the Alma Mater.

BUILDING WILL GO ON

New Regulations Will Not Stop All Construction

The long awaited regulation of the building industry by the War Production Board became a reality on April 8. As expected, the order (L-41) attempts to defer non-essential construction until victory in the war is achieved. Without attempting to sugar-coat the effect of this regulation on the industry, it nevertheless seems to be less prohibitory than the public had been led to expect.

Under the new regulation, it is necessary for the person building or remodeling to secure a permit if the total cost of the job on a residence exceeds $500.00, or exceeds $1000.00 on a farm structure, other than the farm home.

Below are given the answers to a number of questions that arise under the new War Production Board restriction of building:

Q. What is the purpose of Order L-41?
A. To defer construction not considered essential to the war effort.
Q. In a nutshell, what does Order L-41 prohibit?
A. It prohibits much construction from starting without a permit.
Q. Does Order L-41 mean that dealer stocks are frozen?
A. No. Contrary to rumor, this order does not stop building.
Q. Can any construction start without a permit?
A. Yes. You can build or remodel for residential occupancy if the cost is $500.00 or less. You can build or remodel an agricultural building if the cost is $1,000.00 or less. You can also build or remodel commercial, industrial, recreational, or institutional structures if they cost $5000.00 or less, and if you can get the materials under priority needed for them.
Q. Does this cost limitation mean for materials only?
A. No. The monetary limit includes labor, materials, architectural fees, etc.
Q. Is there anything in the order to prevent a person from spending $500.00 for building or remodeling a house in May, then spending another $500.00 in August?
A. Yes. The $500.00 limitation covers a period of one year from the date when construction starts.
Q. Does Order L-41 stop the building of defense houses?
A. No. But, as in the past, they require a priority permit.
Q. If it requires more than $500.00 in materials and labor to maintain or repair a house in efficient operating condition, can this be arranged?
A. Maintenance or repair of existing structures, as contrasted with "remodeling" is exempt from the order. But there must be no change in the design achieved under the guise of maintenance.
Q. Is any penalty for violation provided?
A. Yes. A fine, imprisonment, and deprivation from obtaining further materials or using materials under priority control.
Q. What constitutes "starting construction"?
A. WPB's definition is quite liberal: a structure is considered to be under construction if there has been incorporated in it any materials that are in integral part of the building.
Q. Will Order L-41 cut down on the volume of defense housing?
A. Probably not. Houses are needed desperately in all defense areas.
Q. If a person had on January 8 all critical materials on hand for a house and does not need priority assistance should he proceed?
A. He should apply for a permit and state that he has already secured all critical materials needed.
Q. If it requires $1,000.00 to repair or maintain a house in livable condition, can this be done?
A. Order L-41 does not concern itself with repairs or maintenance. But maintenance or repair must not constitute remodeling.
Q. If a person has contracted for the job, but work has not actually started on it, is it best to get work under way quickly?
A. If work has not started, permit should be obtained.
Q. Who will do the licensing?
A. This machinery has not been set up. Temporarily, at least, FHA must pass on most building projects, and certify them to Priority officials for final approval.
Q. Will exceptions be made to terms of the order?
A. Maybe. If you want to build a house, a barn or any structure for which there is bona fide need, file for permit. On the application, explain fully how the project, if allowed, will be beneficial.
Q. If a house burns down, can it be rebuilt?
A. Yes. Any structure destroyed by an act of God on or after January 1, 1942 may be replaced
The above questions and answers are for your information.
We are here to render a building service to you, and this we hope to do, to the best of our ability.

"THE SHAMROCE"

There's a plant that grows in Ireland
Green as the grass each year
No man has the learning at his command
To nurture it over here.
It will only flourish in Ireland
Will wither in our sod
Over there it will grow and expand
It was planted there by God.

St. Patrick dedicated it they say
When he preached the Gospel there
That's the reason on St Patrick's day
That emblem loyal Irish wear.
Can't be transplanted from Ireland
They sing all along the dock
In Ireland it will grow and expand
The Emerald Green Shamrock.

The Hilltop Record

In Its 26th Continuous Year Of Community Service

Vol. XXVI, No. 2 | The Hilltop, Friday, May 1, 1942 | Total No. 1208

We Are All Out For An All Out Program

Hilltoppers have generally agreed with the address this week of the president. They are for the most part in accord with his full program and will support it most graciously.

But we aren't yet quite clear on why so many delays in getting such a freezing order under way. Too many millions have already been made out of the war effort, too many planes and other articles of warfare have been delayed because of controveries, too many common people have already been seriously affected by the increase in living costs.

Furthermore, we're inclined to believe the American people would be more for a strict policy of doing something about the matter of keeping the peace after this war if, with the very declaration of war back in December we could have had this program put into effect.

In fact we believe it would be a lasting bit of protection to write into the constitution right at this stage that any future declarations of war would be so accompanied. We have forever talked about taking the profits out of war but have done nothing about it.

Bits and Bits: Comes word from Dick Bell, son of Mr. and Mrs. T. H. Bell, 296 S. Eureka av, "somewhere in Australia." He's in the air corps, left San Francisco 13 weeks ago. Says the men are quartered in private homes and are treated like sons . . . Daughter Natalie was to visit Mr. and Mrs. Frank Butts this week-end . . . Sammy Snashall and Mildred Delenbach who work down at Murphy's have decided to go and get themselves engaged . . . And then there was the man in the institution for feeble minded who was asked if the clock was right and he said, "Of course not. If it was it wouldn't be here." . . . Russ Moraine is an M. P. with the army in Iceland and recently had occasion to have a drunken sailor get tangled in his front teeth thereby losing two . . . Al Geary of Senton's bought a wedding breakfast this last week and the groom wasn't present . . . Add predicaments: That of the local woman who had all her clothes burned when the house caught on fire and all the time she was clad only in a dressing gown.

The Bucks trimmed Hillsboro in a double-header Saturday, 24 to 4 in the opener. Bob Swisher hurled for the local team. In the second game, George Ours edged the visitors 6 to 5.

OPA estimates that it will take only five minutes to fill out the form.

Applicants should be prepared to list the names of each member of the family, giving an exact description of each and the person who registers for the family unit must state his or her exact relationship to each member of it. Any member of the family over 18 may register for the entire family.

First Aid--It's One Subject This Hilltopper Knows From A To Z

First aid . . . forward, backward and upside down . . . that is the way it can be presented by a Hilltopper, Raymond C. Kadel, 126 S Eureka-av.

This week Kadel started class number 101 at the Ohio Fuel Gas Co., where he is regularly employed.

He was commissioned as instructor in first aid by the national chapter of the American Red Cross in 1931. About that time the accident prevention department of The Ohio Fuel Gas Company, of which department he is assistant manager, adopted the teaching of first aid as a medium to prevent accidents.

It has served the purpose well, since for three consecutive years The Ohio Fuel has won first place in safety among the large utilities of the United States. Classes have been conducted throughout the properties of this company in all branches of the work and extending from Lake Erie to the Ohio river, through the center part of the state. Attendance at these classes is entirely voluntary.

Since the beginning of the work over 100 classes have been conducted, class number 101 being started Monday evening of this week among the production department, headed up by W. E. Ferguson. During this time there have been in the neighborhood of 2500 persons take advantage of this work in both the standard and the advanced courses. Two classes of Boy Scouts from the Hilltop are included in the 101 classes. Many who have had instructions in the above classes have gone on with the work and have since become instructors.

Since the launching of the Civilian Defense program, first aid instruction has been in great demand, and for the past weeks he has conducted not less than four classes each week and some weeks six, most of them out of town.

In the gas business if an employee revives another person who has been overcome by gas, through the use of Shaffer Prone Pressure Artificial Respiration that employee is entitled to receive the McCarter Gold Medal Award. Five employees of the Ohio Fuel Gas Co., all of whom received their training among the 2500 mentioned, now have this medal. This in addition to the countless numbers of other injuries promptly handled is what makes 2000 hours or more of volunteer work stand out as being worth while.

Besides being a Red Cross first aid instructor there still remains time for Mr. Kadel to act as first aid counselor for Boy Scouts which keeps him quite busy around court of review time.

Cast For "Pride and Prejudice," West Senior Play Announced

"Pride and Prejudice," the class play selected by this year's senior dramatic group at West High, to be presented May 14 and 15, is primarily a sentimental comedy. Its setting is in eighteenth century England. It was a period of color and gaity, fans and sun parasols and quadrilles. Young women were bent upon obtaining a suitable husband as quickly as possible. Spinsters were frowned upon and the damsel so ill fated might have been one of those creatures "un-sexed with too much brain," as Miss Jerome, author of the play, artfully expresses it.

Elizabeth Bennett, next oldest of the Bennett sisters is one of these well-read intelligent maidens of the period. She dares to care little whether she marries or not and disconserts her mother no-end because of her "determination to be an old maid." But she is far too attractive, both physically and mentally, to escape this fate so attractive indeed that she entangles the heart of the proud, haughty, almost unbending Mr. Darcy, who in spite of his grandeur, is quite human as well as handsome. This romance is heightened in suspense because of the difference in social position of these two young people.

The cast is as follows:

Mr. Bennett, Ned Brockington, Allan Seipel; Hill, Don Jewell; Mrs. Bennett, Nancy Shephard, Donna Thompson; Lady Lucas, Melda Porter, Elaine Fawley; Charlotte Lucas, Ruth Wylie, Mary Ailes; Jane Bennett, Mary C. Smith, Mary Herbert; Elizabeth Bennett, Mary Underwood, Norma Jean Fiscus; Lydia Bennett, Marilyn Myers, Vivian Spencer; Mr. Darcy, Roy Stingley; Mr. Bingley, Chas. Williams.

Mr. Collins, John Seipo; Belinda, Joan Cremeans; Mr. Wickham, Jim Lesueur, Granville Merritt; Amelia, Betty Anderson; Amanda, Helen Johnston; Young Man, Russell Morgan, Captain Denny, Jack Hobbs; Miss Bingley, Elaine Fawley, Melda Porter; Agatha, Grace Rennie; Maggie, Grace Calles; Mrs. Gardiner, June Holland, Jeanine Currence; Lady Catherine, Mary Jane Edsell, Jean Phillips; Fitzwilliam, Jim Brown, Tom Jones and Mrs. Lake, Grace Rennie.

Enlist Your Coal Bin For the Duration

Estimates agree it will take 100 million EXTRA tons of coal this year to provide power for war industry and transportation. Coal must be moved in a steady, near-capacity stream if needs of homes and war are to be met.
It means bins must NOT be filled as usual in late summer or fall—or the problem of supply will surely become acute. It means your winter fuel should be ordered and stored NOW—while a surplus over war needs exists.
Do this and you aid a serious task. You benefit from a minimum price, the best of service, a choice of the exact, high-value coal you prefer. So *this* week, enlist YOUR coal bin for the duration!

"THEY WANT A NAME FOR THIS WAR"

Hitler and the Devil, never fight on the level
Full of deceit to the core
Birds of a feather they banded together
And started this hellish old war.
We were forced in, had to protect our chin,
No other alternative could we see
Now we'll fight 'til free, from cruel tyranny
'Til we command the land and sea.

The second World War, there'll be no more
We'll cut off their talons and beak
Take out the core, print peace on each door
The earth belongs to the meek.
The Japs chain up, like a sheep killing pup,
Harsh methods we truly deplore
But they must understand, we've taken command,
And name it—THE LAST OLD WAR.

GESSAMAN FOR JUDGE

Of all the endorsements handed out at the Republican convention this week we are most enthusiastic about that for former Mayor Myron Gessaman for judge.

We anticipate that Mr. Gessaman will find plenty of support among Republicans for the nomination and will receive the hearty endorsement of both parties when it comes to filling this important place on the Common Pleas bench this fall.

Round About: That sweeping close in on the supposed bank bandits here this week is positive proof of the value of two way radios and also shows our police force isn't letting any grass grow under their feet . . . What's this story about the way Katie Adair washes dishes? . . . The Mose Williams' are quite proud of all their fixin up they've been doing about the house these days . . . Bob Davis will be home from Dartmouth College this week-end for a few days visit with his parents . . . Seems as how everybody is pretty happy over the fine showing George Williams and his Cowboys are making in baseball this year, and why shouldn't they be . . . Harry Fleming wants to be number one paid subscriber to the Record he says . . . but several others have already applied for that distinction and it looks like we'll have to draw lots . . . A collection of choice baby photos of Hilltop youngsters make an interesting display at Fox Food Market at Eureka and Broad . . . Wednesday was Pop Campbell's sixty-first birthday . . . and Tuesday was the 17th wedding anniversary of the Henry Mone's . . . People up N. Sweet Dispositions: As one Hilltop principal put it this sweeter disposition this week after registering for a sugar ration book.

Teachers in the local schools and volunteer workers report that they have had a very fine bit of co-operation in issuing the books and everything has moved along fine.

In her eyes is the calm of small towns at dusk
And the quiet grace of old gardens,
Old memories and old loves.
We wonder at the peace that shines from her face.
When troubles come to us
She forgets her own sorrow
And opens trembling arms
To hold us close: to comfort us
And give us a peace she cannot share.

Restrictions Placed On Deliveries

Retail food store operators in the "service business" are now operating under orders No. 3 and 8 issued by the Office of Defense Transportation. The order instructs as follows:

Those who operate any rubber tired vehicle, propelled or drawn by mechanical power or by horses, shall no longer make special deliveries.

The order prohibits call backs made in a second attempt to deliver merchandise or to effect collections.

Retailers are forbidden to make more than one delivery to any one person in a single day. After June 1, retailers using rubber tires are required to reduce their total mileage by at least 25 per cent each month as compared with the corresponding months in 1941. In computing the mileage reduction, that saved by cutting down on deliveries and eliminating special deliveries and call backs may not be included.

Madison county officers had pursued the "suspects" from London to the outskirts of Columbus. At that time city officers were notified and joined in the chase.

When the car was forced to the curb at Algonquin-av and W. Broad-st, cruisermen George Skipper and Paul Fulton ordered the trio to "sit still."

VACANT COAL BINS VETOED
our government urges you to store coal at once while it's available

Authorities agree transportation and coal mines cannot supply both war needs and homes *unless buying habits are changed.*

It has become essential to "hoard" coal . . . to store all your bin can hold, *now, while mines and railroads can maintain the supply.* Do this and you help clear the road for war's demand for more and more fuel. You make sure of a low cost and of quality, service, sizing at their best.

In truth, immediate buying is plain common sense for you and definite relief to a serious problem in our defense. Phone or stop in today.

"THE U. S. MARINE"

(Parody)

There's a lonely little Lady
In the town of Kankakee
There's a gallant soldier fighting
Across the deep blue sea.
He is thinking of his sweetheart
Every moment day and night
Longing for home and happiness
That's what makes him fight.

The stars and stripes forever
On the land and on the sea
Our boys are wise and clever
And they will set us free.
Then when the war is over
If a ship they cannot see
They'll grab a limb and try to swim
All the way to Kankakee.

The Spectator

By C. C. Hartley

Freedom Of The Press

Daily the war effort is taking away the liberties of millions of Americans. But we have made very little squawking. There is a general feeling and confidence that such release of their liberties is a way to be of service in winning the war to preserve these liberties.

Perhaps the outstanding reason why Americans feel there is a distinct difference in the matter of being relieved of their liberties and a similar program recently enacted throughout enslaved Europe lies in the fact that over there the freedom of the press was destroyed too, and without freedom of the press Europe is definitely a slave country.

We sincerely believe the right to comment must not be taken away, except from those who are proven propagandists

In recent years there has been a growing program of socialism in Washington headed by individuals and groups that would like to control the press and free speech.

There are individuals who are perhaps more interested in developing their pet projects than winning the war. Freedom of speech and freedom of the press should not be trampled on to their advantage.

With Which We Do Not Agree

We thoroughly enjoyed Robert Gunning's remarks at the Boy Scout dinner Wednesday evening, especially his observations that now is the time to select our public officials and not in the August primaries.

But we can't agree with his belief that the American system permits the best man to be named as a candidate.

Here in Franklin county, for instance, the Republicans got together a few days back and placed their stamp of approval on a few individuals who were hand picked for their party offerings.

It would appear that they have taken things in their own hands and it is now a closed case. The public has no opportunity to vote for a choice. The party has MADE the choice.

* * *

This Helps!

It is especially gratifying these days when we are preached to on all sides that we must economize to see that our various governmental units are practicing economy too.

For example, it's fitting that publicity notices from these departments should be sent out to newspapers that don't even want them, typed on 25% rag content bond paper. It costs only about five times what a good sheet for this purpose should cost.

The Bureau of Unemployment Compensation does this and the same is true of our local Civilian Defense units.

* * *

Members of the Republican and Democratic organizations are to be complimented on their cooperation in the joint effort in soliciting pledges for war bonds and stamps in the community this past week.

Up and Round The Hilltop: Want to see a clean and beautified street? Then take a bird's eye view out Ellis Place toward Westgate-av . . . Delbert Ardle is now at Ft. Benjamin Harrison, in Indiana . . . Kel Fuller likes to sleep at least until 10 on Sat. a. m. . . . and who doesn't, but how many of us do? . . . One of the finest student addresses I've had an opportunity to hear was that delivered by Dick Ison in Tuesday morning's West Junior High assembly . . . Comes next week and all departments of the Record will be taken over by members of the West Occident staff and we wish them well and anticipate a newsy paper . . . local civilian police will appear donned out in snappy uniforms before long and will soon be armed with authority and a badge, so it is should be no place for criminal what with an additional 3000 men on the police force . . . William Wycuff lost his billfold last Saturday while shopping downtown . . . Forest Campbell had his auto stolen this past week . . . Three Hilltoppers were among the first day's crop of speeders nabbed under the new city 35 mile enforcement.

Carry On!

Let us, and not the Axis, choose the time and place for battle. Our lives, our rights as free Americans, our trade unions are endangered as long as the Axis powers keep us on the defensive."

And thus the 70 AFL unions in Columbus pledge their cooperation to the American cause in a letter this week to President Roosevelt signed by Hilltopper Carroll McGhee, president of the Columbus Federation of Labor.

Other members of the staff who will serve in various roles are Marilyn Myers, Dorothy Mers, Mary Jane Edsell, Mary Underwood, Rachel Dines, Jeanne Eccles, Lois Jones, and Mary Smith

This is an annual affair, having been inaugurated by the Record several years ago in order to cooperate with the school in providing a select group of students further practical newspaper experience.

Following the publication of next week's paper, C. C. Hartley, publisher of the Record, will be host at a luncheon for the group.

Every auxiliary trained policeman is ordered to hasten to his assigned post and report at once to the central control headquarters where personnel will be on duty also.

Police Called, Lake Dragged—Little Girl Visits A Neighbor

Little Lynn Russell couldn't quite conceive why her father, Dr. W. O. Russell, was so upset Monday afternoon when she came home from her friend's house. She didn't know that all the police in the neighborhood were looking for her and neither did she know that the emergency squad was dragging the lake at Holton Park for her.

Four-year-old Lynn had asked her mother if she could fill her rubber ball with water. Her mother said, "No," and cautioned her not to go up to the lake near their house. A while later Mrs. Russell missed her daughter and when she saw the ball was gone she could picture the child in the lake with it. She and her husband combed the neighborhood for the missing girl. Dr. Russell went to the park to have a look around the lake when he saw an air bubble in the water. He immediately summoned the fire department and asked them to drag the lake. That was about noon.

The search was still going on at 1:30 when a neighbor saw the "victim" walking down Sutton-av. The parents were notified by the cruiser and the little girl was put to bed while her mother and father caught their breath and stopped trembling.

The Russells live at 196 N. Terrace-st.

West Meets North Here Today In District Finals

With the city league championship practically assured, the West High baseball squad prepared today for the final game in the district meet when they will oppose the North Bears on the Magly Field diamond at 4 o'clock.

This is the third straight year these two teams have met in the district finals. In former years they split the matches, North taking the state championship in 1940.

West Hard On Opponents

The Buck rolled over all competition in the district final during the past week, shutting out Grandview 18 to 0, behind the fine pitching of George Ours, who struck out 14 consecutive batters and fanned 18 of the 21 possible outs.

The Cowboys showed some nervousness when they edged Aquinas 4 to 2 but managed to overcome it in time to win with a three run rally in the sixth inning.

Undefeated Bexley bit the dust under the Cowboys' hoofs as Dick Hoover allowed them only one hit. The first inning was opened by home-runs by Jack Baird and Phil Wisdom and 11 runs were scored before the first three outs were recorded. The final score was 17 to 1.

U. S. and Australia Have Common Concept of Liberty--Dr. Harding

The United States and Australia are the only nations in the world that have the same understanding of the American concept of liberty, Dr. Warren Harding told members of the Hilltop Business Men's Association Tuesday evening.

He pointed out that after the war we will be proud to look back on our association with the Australians in the conflict and in the future Australia and the United States will see that nations of the south Pacific have the right to self determination.

The bloody imperialism of the Japanese must be annihilated, he stated, but pointed out that any new imperialisms must not be set up.

Dr. Harding spent three years in Europe and eight years in Australia, returning to this country two years ago to educate his two daughters in American schools. He was born on the Hilltop, on Broad-st across from the State Hospital. His father was at that time superintendent of the hospital. He is a nephew of the late President Warren G. Harding.

Dr. Harding traced the development of Australia and called it a child of the American Revolution." He believes the Japs can land in 1000 places in Australia, but they will pay dearly. The Australian fights hard and will not retreat."

It's Our America -- Let's Keep It Free

Our fighting men can "beat the life out of the enemy!" And every one of us at home can help . . . but only if we give our dimes and quarters and dollars to the very limit of our ability. Today, MORE guns, MORE tanks, MORE planes are a dire necessity. And War Bonds will help to pay for them. Our fighting men deserve the best equipment. The least we can give is our money, while they give their lives.

CAR CONSERVATION PLAN

UNCLE SAM Says:

Save it!

It's The Way You Can Help Our Victory Program

Today, as never before, you want to keep your car from wearing out. Today, as never before, it pays to see that your car gets attention that will keep it running longer . . . and running at its very best. That is precisely the attention your car will receive under the Hilltop Service Station Operators Car Conservation Plan. It's a plan dedicated to the vital purposes of prolonging the life of your car . . . Preventing larger repair bills . . . protecting your pocketbook . . . and preserving your motor car transportation.

"KEEP 'EM ROLLING"

Get Complete Spring Change-over Service to Protect Your Car

It's wasteful and foolish to operate cars in warmer weather with winter oils and greases. A complete Spring Changeover puts every part of your car in condition to operate most efficiently during balmy spring days ahead and it'll protect your car for the duration.

SAVE TIRES

Drive into one of these stations this week and have your tires switched. Thousands of additional miles can be added to the life of your tires by having them switched, at a very low cost.

DRESS UP -- CLEAN UP YOUR CAR FOR SPRING DRIVING

It's satisfying as well as a wise thing to do . . . have your car cleaned up and keep it that way.

Save your car body, fenders and upholstery by regular attention to these details.

A wax job is a lot cheaper than a paint job later.

Mother-Daughter Banquet Is Success

The Mother-Daughter banquet celebrating the twenty-fifth anniversary of St John Evangelical Lutheran Missionary Aid Society was held Wednesday May 13, at 6:30 p. m. in the dining room of Hoge Memorial Presbyterian Church. Over 100 mothers and daughters attended. Mrs. Edwin Distelhorst, president of the society acted as toastmistress and the theme of the program was "The Cross."

Four candle bearers, Doris Brown, Phyllis Crooks, Janet Gulden and Doris Tom lighted the 25 candles beneath the cross. The six charter members present were seated at a special table which was adorned with a bouquet of white flowers in honor of those charter members who have passed on. Mrs. Fred Raether gave a tribute to those members and Mrs. Joseph Beh, who was the first president of the society, spoke on "What the 25 Years Have Meant To Me."

Mrs. J. Howard Young gave a solo and the toast to the charter daughters was given by Jean McKinney and Mrs. Clayton Smith responded. A reading, "Greeting Extended to Mrs. Valp[illegible]" by Dorothy Sweet, Charlotte Wa[illegible] were presented.

Proposed Amendment To Charter To Be Voted On June 9, 1942

That the Charter of the City of Columbus be amended and supplemented by the enactment and adoption of Sections 25-1, 25-2, 25-3, 25-4 and 25-5 of the Charter of the City of Columbus, Ohio, to read as follows:

Sec. 25-1. The city shall have all powers of municipal home rule in taxation granted by Section 5625-14 of the General Code of Ohio, and all other provisions of law and the Constitution of Ohio now or hereafter in force, which may be necessary to give effect to Sections 25-2, 25-3 and 25-4 of this amendment.

Sec. 25-2. The council shall levy a tax upon the real and personal property in the city for the purpose of raising money to pay the current operating expenses of the city for the year 1942 upon the 1941 duplicate of property in the City of Columbus listed and assessed for taxation according to value. The rate of such tax shall not exceed four and sixty-three hundredths (4.63) mills on the dollar of assessed valuations, but of said total maximum levy, one and four-tenths (1.4) mills shall be levied only for the purposes of the Division of Fire; one and one-tenth (1.1) mills shall be levied only for the purposes of the Division of Police

Sec. 25-3. The council shall levy a tax upon the real and personal property in the city for the purpose of raising money to pay the current operating expenses of the city for the year 1943 upon the 1942 duplicate of property in the City of Columbus listed and assessed for taxation according to value. The rate of such tax shall not exceed four and sixty-three hundredths (4.63) mills on the dollar of assessed valuations. Out of said total maximum levy one and four-tenths (1.4) mills shall be levied only for the purposes of the Division of Fire; one and one-tenth (1.1) mills shall be levied only for the purposes of the Division of Police

Sec. 25-4 The council may annually levy outside of the limitations provided in this Charter, a sum sufficient to pay the interest, sinking fund and retirement charges on all bonds and notes of the City of Columbus, lawfully issued, and the expenses incident to the management of the sinking fund, which entire levy shall be placed before and in preference to all other levies. Amounts certified under the laws of the state, as necessary for such purposes, shall not be subject to change by the council.

Sec. 25-5. This amendment enacting Sections 25-1 to 25-5 inclusive shall take effect and be in force as of the date of the certification to the Secretary of State by the Board of Elections, as provided by law, for the purpose of fixing the tax rates upon the duplicate for the year 1941 (for the purposes of the year 1942) and for the successive year as provided for in this amendment, and for all other purposes.

If any provision of these amendments to the Charter be held to be unconstitutional, this shall not affect the validity, force or effect of any other provision thereof.

FOR AMENDMENT

Citizens of Columbus will vote at a special election Tuesday June 9, on the proposed amendment to the charter of the City of Columbus.

Council is faced with the grave problem of meeting the operating expenses of the city the next two years with no means of paying the bills unless there is a special tax levy, it is claimed. This special election is being held so that the new levy may be placed on the tax duplicate at once.

A survey of the finances of the city has been made by three different groups, and the average amount decided from these surveys was that the city must have $900,000 over the anticipated income of $3,401,230.00. Since the city can no longer borrow money by selling bonds to finance the necessary expenditures, a special tax levy seems the only sensible solution, according to the findings of the surveys.

The special levy will be made on real and personal property by Council for a period of two years only and while the amount stated is 4.63 mills, the only increase is 2.5 mills as the taxpayer is already paying the remaining 2.13.

Furthermore the extra levy is earmarked by law for the purpose of our police and fire departments which are the foundation of protection to the community. The money obtained from this levy can not be diverted by Council for any other purpose except the fire and police departments.

Surveys show that Columbus for its size has the lowest operating expenses in this part of the country and that there are employed in our city department fewer workers than in other cities of the same population.

In order that the city function properly it is necessary that this levy be passed, otherwise the services of many valuable to the protection of the community will have to be curtailed, we are warned.

AGAINST AMENDMENT

Residents in Columbus are being asked to vote a change in the charter of the city at a special election, in order that City Council be granted the right to set itself up as a tax levying body. There are many reasons why the voter should think carefully when he goes to the polls on Tuesday, June 9.

As every voter knows, special elections cost the tax-payer money. In the City of Columbus the amount is approximately $20,000 for special elections. This is the third attempt in two years to obtain more real estate taxes. Every individual living inside the city limits is a tax-payer, either directly or indirectly, and therefore pays part of this expense.

At the present time, increases in rent have been forbidden unless there is an increase in taxes. It would seem that this special levy could serve the purpose of increasing rents, which could not be done otherwise.

Investigation of the State statutes reveals that cities are required BY LAW to take care of public safety, policemen and the fire department first, not last. So is this a REAL emergency?

If this amendment should be voted by a majority vote the citizens will find that the increase is $4.63 per thousand plus $1.01 being put outside limitations, plus any additional levies later which Council may decree.

Our country is at war and any additional taxes should go for the winning of this war. There are 2400 employees on the city payroll and the question arises: could the city function with the services of fewer? Those released could go into defense work.

Since Council decided upon June 9 as the date for a special election, they have been notified that the city's anticipated fund income this year will be $4,178,257.20 instead of the $3,401,230.00. Furthermore the State of Ohio is paying all the expenses of the Civilian Defense. In addition the city will be given between $300,000 and $400,000 from unclaimed gas refunds, according to reports.

SWEET SORROW

Never love a single thing too well
For if you let it storm your heart, I know
There shall be sorrow — more than tongue can tell —
At parting. Oh, it always has been so!
A single rose upon the bush in spring,
Can turn the heartbeats into melody,
The sudden song a meadowlark may sing,
Can lay beauty on the very soul of me.
But roses die and birds hush every note
In autumn, and there are but memories
Of velvet petals, and the crimson throat
Of robins, while the heart takes tears and grieves.
Oh, take a little warning ere you start
To loving over much—'twill break your heart.

Timely Victory Garden Hints

By H. D. Brown

Planting vegetables in season is essential for success. Spinach, turnips, radishes, mustard, garden cress, corn salad, kohlrabi, peas and leaf lettuce grow quickly during cool weather and will not tolerate hot weather.

Perennial cool season vegetables including asparagus, rhubarb, horseradish and Jerusalem artichoke should be planted as early in April as possible. They should be planted on one side of the garden preferably in triangular areas not easily prepared (plowed) as they grow year after year if given proper care. Horseradish can be cultivated as an annual.

Cool season vegetables that require a longer growing season for maturity and are able to withstand summer heat should also be planted during April. This includes beets, carrots, parsnips, onions, garlic, chives, potatoes, cabbage, chard, collards and kale. Successive plantings of beets, carrots and cabbage can be made until July 1 for a continuous supply of these vegetables. Collards, chard and kale should be grown more extensively. They are all rich in vitamins A, B, C and G as well as calcium and iron. All grow well during both cool and warm weather. The same is true of turnip greens. The variety Shogoin is especially recommended for turnip greens.

LABOR

WARNING! FLYING ANTS ARE TERMITES

Once each year reproductive termites (often called "flying ants" or "swarmers") leave their nests to fly into the open. This is the way termites start new colonies. If you see these winged insects around your property, you have a definite indication that a termite colony is at work nearby. This is warning to call in a Terminix specialist, representing the world's largest termite control organization. Without cost or obligation he will tell you whether termites are damaging your property.

"It's A Long Way To Tipperary"

It's a long way to America
From Greenland's coral strand
From Australia, China and Bombay
To the heart of my home land.
Oh a lady I know in Kokomo
Who is waiting there for me
Waiting sedate in the Hoosier State
'Til I return from the sea.

It's a long way to America
But I will soon be there
Soon subdue this wicked crew
And chase them to their lair
No more Japanese on the high trapeze
They are going the other way
I long for my home across the foam
In good old America.

Candidate

Dale Stump

Dale Stump, former head of the claims department of the Ohio Industrial Commission, will launch a state-wide campaign for the Republican nomination for Secretary of State at a meeting of the Erie County Republican Club in Sandusky Friday night, May 15.

The war and its possible effects on the American system of government are being stressed by the candidate in his speeches. It is the duty of the Secretary of State to supervise all elections in Ohio and Mr. Stump maintains that "it is more important during a time of world upheaval than at any other time to defend the principle of free elections."

Windshield Broken But Child Uninjured

Betty Lee, seven-months-old daughter of Mr. and Mrs. Clarence Lee, 30 S. Hague-av, escaped injury Saturday afternoon when the car in which she was riding with her parents was struck from the rear, causing the child to fall forward from her mother's lap and shatter the glass in the windshield with her head.

Lee had stopped for a traffic light at Monroe-av and Broad-st when a car driven by Florence Shenk, 47 S. Roosevelt-av, ran into the rear of his car, according to police.

The infant was taken to Children's Hospital for an examination which showed she was not injured.

— Letters — To the Editor

Fort Ord, Calif.,

Hello Hilltoppers!—

Well belive it or not I'm out here in old California visiting my son, Jim, who is stationed here with the 107th Cavalry, Troop A at Fort Ord. There are 60 to 70 thousand here.

And what a beautiful spot, situated right on the ocean with mountains visable in every direction. In fact the scenery is almost indescribable. The beautiful flowers and trees and shrubbery is everywhere.

On Jimmie's days off we have visited all the small towns around each one noted for something or other. Monteray is a very old Spanish town with lots of the old land marks and buildings still here. Carmel is an artist colony with all odd little shacks (that is what they call their little homes) and quaint little shops of all kinds where you could spend days looking and buying. Pacific Grove is very scenic spot and several others too numerous to mention. All are situated right on the peninsula facing the ocean.

There is a different set up here entirely concerning traffic. All pedestrians have the right away and everyone takes their time and autos seem to go at a snail's pace, with very few casualities. It seems strange having machines waiting on you to cross the street. There are a lot of Columbus boys with my son and quite a few from the Hilltop. All look the picture of health and in good spirits. I have tried to see them all. The first they want to know is how is everyone?

Will you call my mother or folks when you get home? And is Broad and High just the same? They all like it here and seem to have time to go about a good bit. Several of the mothers and wives are here and we have certainly enjoyed each other. Jim and I spent three days in Frisco and it is truly a sight. I never expected to see or be where there were so many sailors and soldiers. We visited all the notable places including the Golden Gate bridge on which we had the privilege to walk. A boat of every kind could be seen that day and a sight never to be forgotten.

The weather is breezy, snappy with a coat feeling good at all times.

I also had the pleasure of visiting my son-in-law, Donald J. Malone who is stationed with the Quartermasters Training Reg. C. C., Fort Frances E. Warren, Cheyenne, Wyoming on my way out here.

It is also a very lovely camp with very beautiful surroundings and not far from Denver, Colo., and other large cities.

I am going to stop on my way.

Hazel E. Bercaw.

Stockton, Calif.

It has now been five months since you have heard from me. I want to use this means of telling you and all the swell people of Columbus that I am well not too happy but that I have every confidence in the world that we will win this war much sooner than many believe. The stars and stripes of our sacred and dear America will never fall and will be an example of freedom loving people all over the world forever.

Every boy here and elsewhere in our armed forces that I have talked to just seems to overflow with confidence of our complete and total victory over the Axis gangsters. We aren't worried very much over our present setbacks because we know that when we get set for our big offensive our enemies will be paid back with interest for their stab in the back acts such as the ruthless bombing of Pearl Harbor in Hawaii.

Much has happened since you last heard from me.

In March I was transferred from my old company to a new unit in California which was and is yet the 749 M. P. Bat. We were stationed then at Camp San Luis Obispo. We have been transferred from there to our present camp at Stockton, Calif.

After spending three weeks in my new unit I realized my greatest ambition since entering the United States Army, when I was promoted to the rank of Corporal.

I feel too many Americans are not realizing it is going to take the greatest effort of every man, woman and child in America to win this war. So let's wake up Americans and put all your shoulders to the grindstone and bury the Axis under you and its dust.

This state of California is even more beautiful than one can realize. The sun shines every day at least has since I arrived here and we have had quite a bit of rain also. We are now stationed at Stockton fair grounds awaiting the transfer of west coast aliens here.

Here is a note which I hope everyone heeds. Most of you don't realize that the happiest moment in a soldier's day's work is when he receives a letter from home, from a friend or a loved one.

So to you folks who have friends or loved ones in camps . . . please write to them as often as possible no matter where they may be. This will help win the war as much as anything else.

We have suffered a few setbacks to date but with each the spirit of the men in our uniform is more determined.

We all realize we must win at any cost and we will win.

The men at Bataan proved that even against overwhelming odds the spirit of freedom loving people of the world won't die . . . it will be remembered . . . to strive there. The spirit of the men of 1776 is in our hearts and will be forever even after total victory is ours.

My new address is Co. C, 749 M. P. Bat. Stockton Fairgrounds, Stockton, Calif.

Remaining your friend,
Corporal W. W. (Woody) Owen

COLOR TELLS ITS STRENGTH

It's housecleaning season again, and once more Columbus housewives are in the throes of their annual cleaning out and shining up—this year with added vim and vigor for this year's housecleaning efforts are directed toward conserving possessions as a part of our national defense program.

For an important part of this cleaning, a Columbus-made product has for several years been a standard. For this year's housecleaning Pink Salvarine, a powder cleaner to be dissolved in water, is a sure and effective cleaner for soiled woodwork, walls, floors. Women especially like it for its unique property of showing by its color the exact strength for any given use. Like a traffic light, it changes color—when it's green, it's the right strength for ordinary soil; if too much powder is added, it turns yellow, a danger signal for you that you're using too strong a solution.

It's an economical cleaner, too. For most purposes, two tablespoons to a pail of water are sufficient for all types of cleaning that it should be in your laundry, bathroom and kitchen at all times.

And Wheels Saved By $2 Tire Lock $100 Worth of Tires

Neil Foley, 1165 Atcheson-st, starting to work one morning recently, found, upon entering his garage, that thieves had tried to steal his tires and wheels. His car was resting on jacks and the caps had been removed. A $2 tire lock he had purchased had prevented the thieves from completing their mission. Foley today is a big booster for this sensational new tire lock. These locks are sold on the Hilltop by Hilltop Sunoco Service Station, Wrexham and Sullivant.—Adv.

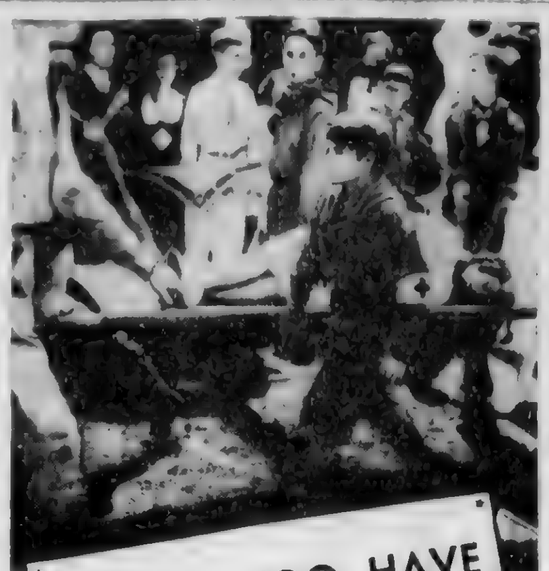
More Volunteers Are Needed In Civilian Defense

Since Civilian Defense entails the protection of neighborhood communities as a part of the whole community, a special request is being made through neighborhood newspapers. Some neighborhoods have responded better than others, but in the community generally, thousands more of trained volunteer workers are needed to handle the minimum requirements of protection in case of a major disaster. Those citizens who volunteer can be assigned to their own neighborhoods to work on streets and among people who are known to them generally.



In normal times, the individual calls the fire department, the police department, the doctor, or the utility company when he has use of these services. Quick response is given to emergencies. But in case of major disaster, these agencies all come under the control and dispatching of the Civilian Defense Control Center so that aid can be dispatched where it is needed most. Many of the functions of protection may be handled by the neighborhood wardens if other assistance is not available. Thus, it can be seen how urgent it is that every part of the city and county be fully manned and coordinated in all branches of Civilian Defense.

While the possibility of an air raid in central Ohio may be remote, the army informs the state and county councils that it is entirely possible and full provision must be made for it. Also, there is much greater possibility of large scale sabotage which could eclipse the damage of an air raid in severity. Besides this, there is the increased possibility of major disaster resulting from the greatly increased war industrial program. Tornado, flood and epidemics are other possible types of major disaster to the community. Government authorities have warned that civilian workers must prepare for the worst calamity that can happen in order to be ready for any disaster.

In reply to a question as to their part in Civilian Defense, too many citizens reply that they have not been invited to participate. The answer to this is that in raising and training a corps of more than 25,000 people in Franklin County, there is not time to extend personal invitations. The people in large numbers must recognize the need, volunteer their services and complete their training so that they can be assigned to local units.

Generally, people think of Civilian Defense as including only auxiliary firemen, auxiliary policemen and air raid wardens. It is true that these classifications call for the most workers, but there are 13 other classifications in which volunteers are needed—16 in all.

Dampness often comes up through cracks in cement floors. To stop the cracks, chisel them to between a quarter and one-half inch wide, then fill them with hot tar. Specially prepared commercial cement can also be used.

Maybe you're too young to see action with the soldiers, sailors or marines.

But you can wear a uniform and serve your country.

Throughout the country are 50,739 Boy Scout Troops and Cub Packs. And Uncle Sam has given their members some major assignments in home defense and war duties.

These all-American boys are receiving valuable training and getting a thrilling chance to render service to their country, too.

Why not join them? You can be a Cub if you are nine; a Scout if you are twelve. Visit or 'phone your Local Council for information today.

Fire Department Awarded Honor

Columbus has been awarded a place among the cities of its population class in the National Fire Waste contest for 1941, according to an announcement made this week by Fire Chief E. P. Welch.

This is the second time in seven years that Columbus has received this coveted honor, the chief said.

The annual report of last year's fires and fire losses gave Columbus a fire loss of $333,899.00, of which $125,000.00 was caused by the four-alarm fire at the Geisey Lumber Co. The per capita loss in Columbus in 1941 was $1.08, compared to $1.29 for 1940, and $1.41 for an average during the past 21 years.

Five thousand and eighty-one fire alarms were sounded during the year, of which 3007 were actual fires, 216 were false alarms, and 1858 were runs made by the two rescue squads maintained by the fire department.

In a tribute to the Fire Prevention Bureau and the regular fire fighting forces, Chief Welch gave credit to both organizations, to the inspectors of the bureau for discovering and eliminating the many dangerous fire hazards, and to the firemen for extinguishing the 3007 fires which did occur, with the least possible amount of fire and water loss.

Chief Welch also commended the work of the instructors at the fire department drill school, where about 45 factory fire brigades have been organized and trained during the past year.

Many fires that might have gotten out of control otherwise, he said, were held in check by the factory brigades until the regular firemen arrived on the scene.

Termite Damage Great In Homes

"When a house cracks and settles, when the floors show signs of weakness, then it is time to have your home inspected for termites," says a circular issued by the Termite Dead Oil Laboratories, 9 East Tulane-rd. The circular goes on:

"Wood is the most valuable to man in the construction of his home. It is the natural food for Termites — sometimes called White Ants or Wood Lice. They invade homes and buildings unnoticed and consume the inside of the timbers, leaving nothing but the outside shell.

They live and breed in the ground. The damage they do each year runs into millions. Termites are social insects.

"Termite Dead Oil, a products developed after long research contains oils and gases that penetrate into the ground, if the Termite comes in contact, it is death. It conains poison to Termites, that when the wood is eaten it kills the Termite, thus assuring years of a positive extermination.

Impregnation of lumber assures a toxic extermination at a reasonable price with years of guarantee.

"Termite Dead Oil Laboratories have treated Public Schools, Art Museums, Libraries and hundreds of buildings with success at reasonable cost and a Ten Year guarantee."

Boy Scouts To Aid Goodwill Industries

Saturday, May 23, has been designated as Good Will Day for Columbus, according to an announcement made by Charles W. Graham, executive secretary of the organization.

One hundred and thirty Scout troops, involving more than 3000 boys, will make a house to house campaign, appealing for assistance for the physically handicapped men and women of the community. By signing a card that you will gather together, at some later date, discarded wearing apparel, magazines, unused furniture, kitchen utensils, toys, books, newspapers and numerous other articles, the housewife will be helping someone less fortunate. The articles, while being reprocessed and reconditioned by Goodwill Industries, mean a job and not a dole, as well as happiness and contentment, to many persons who, otherwise, would remain in idleness and non-productivity.

FIVE ARE INJURED

Five persons were injured early Wednesday when the car in which they were riding went into a ditch at Sullivant-av and Demorest-rd. Claud V. Smith, 484 S. Garfield-av, was driving the car east on Sullivant-av when he swerved to avoid hitting an oncoming car, according to police, causing the accident.

None of the injured lived on the Hilltop.

WEST-CENTRAL GAME TONIGHT

Continued From Page One

For West, Burr was again high scorer with nine points, seconded by Redman with six, Hoffman with five, and Howison with two. For South, Papin tallied 11, Freeman nine, Trapp seven, and Foster two.

Preliminary Game, Reserves

In the preliminary game the West Reserves won handily by a score of 43 to 9. For West the outstanding players were Larkin with six points and Jones and Mitchell with five each. In all probability Larkin and Jones will be shifted to the Varsity at the midyear to replace Howison and Gresh. Likely Mitchell will also be promoted. Starting lineup was Wylie, center; Mitchell and Wellman, forwards, and Larkin and Jones, guards. Others to see service were Preston, Kimmel, Buckingham and J. Howison.

The automobile license plates of the District of Columbia for 1935 will be white with green figures.

The PEOPLES COLUMN

Editor Hilltop Record—

Dear Sir:

We hear a lot about school spirit and the great school sports, but how about the hoodlums who attend these school games, and who attend West High school?

It seems a pity to see high school boys and girls behave in the manner I have witnessed twice in as many weeks' time, I, as well as many other late street car riders, am tired after a day's work and it's anything but a pleasure to have to endure a long car ride with a pack of high school whelps. The first time they were pretty noisy and jostled one another on other people's tired feet—but their antics of Monday night beat all.

When I boarded the street car downtown I noticed nearly all the lights in the street car were out—broken by these West High students on their way home from the West-North game. Windows also were shattered. They were not content with this, as they further proceeded to gather up snow and throw hard snow balls back and forth, striking some of the passengers myself included. For a person wearing glasses this is a very dangerous "sport," as I suppose they would term it.

Let us hope in the future these youngsters will be lectured more on good behavior on the students return from a game rather than put so much time on the school spirit attendance. West shows such poor spirit as it is we'd rather see it improve than sink lower.

Very truly yours,
Mrs. O. L. R.

House-Boat Constructed At Hilltop Lumber Concern To Be Used In Zanesville To Florida River Cruise

Courtesy of the Columbus Citizen

Pictured to the left is the house-boat under construction since last summer at the McDonald Lumber company, corner of Kenny Eureka avenue and the Pennsylvania railroad.

The craft is being constructed for a cruise next spring from Zanesville to Florida, via the Muskingum, Ohio and Mississippi rivers and the Gulf of Mexico.

The exterior hull of the craft has been completed, finishing of the interior and mounting of engines remaining to be done in the course of the winter before early spring.

The house-boat is a 40-foot craft to be powered with a Diesel motor. All the comforts of home, including an electric light system, and an electric washing machine, are to be installed. Stanley Fielding, owner, of 60½ Reinhard Ave., reports.

Owner of Old Licenses Recalls Tax Free Autos

one-cylinder Reo. To use his own words, "It could be heard a mile in advance of its coming."

Auto Hauled On Hayrack

"The automobile arrived in Hilliards during a heavy snow and had to be hauled to the garage on a hayrack. Frequent 'break-downs' prevented its continued use."

No provision had been made at this time for state licensing and federal taxation of these "new-fangled" contraptions. A buggy tax was in effect but this was held to be not applicable to ...omobiles. Some municipalities had license requirements, but since Mr. Carnahan lived outside the city limits he escaped this tax.

No Gasoline Levy

There was not even a retail levy on gasoline, the selling price being seven cents a gallon.

The first demand for state tags came in 1907 and the licenses were good for a year and a half.

Mr. Carnahan's first automobile, the one-cylinder Reo, was followed with the purchase of a Buick roadster, and, 12 years later, with the purchase of a Scripps-Booth. After owning the last car for 16 years, he recently traded it for a 1935 Chevrolet.

Training School Opens

The Leadership Training school for Sunday school teachers opened Monday night at West Park M. E. church with 44 enrolled, representing 12 churches. The next session is to be held Feb. 11th.

New Sales Tax Accepted Cheerfully By Residents

Continued From Page One

West Junior High school, announced.

Some confusion was encountered by merchants selling to children, the youngsters appearing on the scene with a dime for their customary ten cent purchases. A trip home for the extra penny was their penalty for forgetfulness or ignorance of the new measure. However, adult customers accepted the levy without much confusion or resentment.

The tax calls for one cent on purchases totalling from nine to 40 cents, two cents on charges from 40 cents to 71 cents and three cents from 71 cents to $1.08, and approximately three per cent on sums in excess of those named.

Today, when the shopping for foods is not a duty but a pleasure, in clean, modern, up-to-date stores, many Hilltop housewives have long learned to shop first at their nearest Triangle Market.

DO YOU REMEMBER?

How mother used to set her batter at night so that we could enjoy a plate of good old hotcakes every morning? Those were the days!

But Now.. **A FEAST IN A FLASH!**

Even the most amateur bride can serve delicious hotcakes in five minutes these days—and she needn't blush either. All she needs is—
